

## Preliminary Programme

**Thursday, 16 May 2019**

**12.00 - 19.00**            **Live surgery programme Molinette Hospital**

**Friday, 17 May 2019**

**08.00 - 08.15**            **Introduction to the meeting and its format**

**08.15 - 09.00**            **Muscle Invasive Bladder Cancer (MIBC)**  
**08.15 - 08.30**            **How much TURBT in patients with presumably MIBC prior to definitive therapy**  
**08.30 - 08.40**            **Bladder sparing approaches in MIBC: Towards a standard of care?**  
**08.40 - 08.50**            **Neoadjuvant or adjuvant chemotherapy in localised MIBC?**  
**08.50 - 09.00**            **Discussion**

**09.00 - 12.30**            **Case discussion 1 (Interactive voting session)**  
**Faculty group 1: Open or robotic radical cystectomy? (Duel)**  
**Faculty group 2: Is there an oncological benefit of an extended lymphadenectomy in bladder cancer?**  
**Faculty group 3: Choice of urinary diversion: A multidisciplinary perspective**

**10.00 - 10.30**            **Coffee break**

**12.30 - 13.30**            **Lunch**

**13.30 - 14.00**            **Non-Muscle Invasive Bladder Cancer (NMIBC)**  
**13.30 - 13.45**            **The best TURBT in 2019: From optimal visualisation to optimal resection**  
**13.45 - 14.00**            **Non-immunological intravesical treatment: What's new?**

**14.00 - 17.30**            **Case discussion 2 (Interactive voting session)**  
**Faculty group 1: Sophisticated tumour visualisation: Clinical and prognostic implications**  
**Faculty group 2: Standard and new techniques of TURBT**  
**Faculty group 3: Adjuvant treatment in NMIBC: Where are we?**

**16.00 - 16.30**            **Coffee break**

**Saturday, 18 May 2018**

**08.00 - 09.00**            **Pathological assessment and Molecular Staging**  
**08.00 - 08.15**            **Molecular staging: How far from routine pathological assessment?**  
**08.15 - 08.30**            **Variant (aberrant) pathologies: From diagnosis to optimal management**

08.30 - 08.45	<b>Genomic approach in BCa: From bench to bedside</b>
08.45 - 09.00	
09.00 - 12.30	<b>Case discussion 3 (Interactive voting session)</b> Faculty group 1: Non-urothelial and aberrant urothelial histology: Its prognosis and impact on treatment decisions Faculty group 2: Radical cystectomy: How to handle at best the complications? Faculty group 3: Management and follow-up of low and intermediate risk tumours
10.00 - 10.30	<b>Coffee break</b>
12.30 - 13.30	<b>Lunch</b>
13.30 - 14.00	<b>What´s new in diagnosing and staging of urothelial cancer?</b>
13.30 - 13.45	
13.45 - 14.00	
14.00 - 16.30	<b>Update on medical therapies</b>
14.00 - 14.15	
14.15 - 14.30	
14.15 - 14.25	
14.30 - 15.30	<b>Panel case discussion: Critical decision making in NMIBC</b>
15.30 - 15.40	<b>Close</b>
